Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their turnover on printing, and that active print management can cut office print costs by up to 30%(1), it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

Device consolidation is a great way to work smarter. With print, copy, scan and fax functions all rolled into one highperformance colour device, you save considerably on office space, hardware and running costs, consumables, maintenance and even electricity. But now Lexmark offers even more benefits in a smaller box - and at an attractive price. A multi-talented solution for your small, cost-conscious workgroup!

Easy to use, easy to share

Surprisingly compact for such a fully functioned solution, these devices are also incredibly quiet, easy to use and integrate effortlessly into your existing office environment.

- As quiet as 47 dBA while printing; reduce sound even more with Quiet Mode
- User-friendly operator panel for easy access to all functions
- PCL 6 and PostScript 3 emulations ensure compatibility with your application software
- Fully network-ready for enhanced workgroup performance
- Quick and convenient cartridge replacement

The power of multifunction

Built for serious office work, these new colour MFPs equip you with all the productivity functions you need to maximise your business performance.

- Move easily between hardcopy and digital documents with advanced scanning, such as scan to desktop, scan to email or scan to shared server
- Powerful faxing with Super G3 capability
- Models available with duplex printing and duplex scanning
- 100-sheet multipurpose feeder and 550-sheet main tray are combined in one unique Duo Drawer option

Colour that makes a difference!

Outstanding colour adds impact to your important business documents. Lexmark puts its colour expertise to work for you and gives you the tools to control colour output effectively.

- Rich, vibrant, true 1200 x 1200 dpi colour printing
- Lexmark High Yield Toner Cartridges to keep printing costs
- Includes new generation Lexmark toner
- Consistent colour balance with Pantone calibration
- Colour-control tools: coverage estimator and ColorSaver™ mode

Eco-responsible printing

Printing responsibly means everyone wins - your business, your budget and the environment! Lexmark's new colour MFPs are eco-designed and come with a range of features to help you print greener at every level.

- Models with built-in duplex offer excellent value and paper savinas
- Paper Saver lets you print multiple pages per sheet
- Eco-Mode reduces power consumption
- Instant warm-up fuser saves energy while delivering first page quickly
- Lexmark Cartridge Collection Programme for leading-edge recycling

Powerful scanning features!

Duplex colour scanning

Saves time by scanning both sides of your document automatically

«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

Recommended Monthly Page Volume

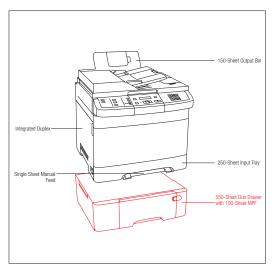

Recommended Monthly Page Volume

**Recommended Monthly Page Volume* is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
